

Product Description

Our state-of-the-art lighting solution, designed for recessed mounting, is crafted from die-cast aluminium with a white body finish. It features an anodized aluminium reflector, a clear glass diffuser, and a Cree USA light source with a CRI of 90 and a MacAdam Step of 3. The product offers a range of customizable options including body finish, color temperature (2700K to 6000K), dimming (Dali and TRIAC 110), and wireless capabilities. Operating at an input voltage of 220-240VAC 50/60Hz, it boasts a lifespan of 50,000 hours, high efficiency, and high output of up to 30. It also includes an emergency battery backup for added peace of mind. This lighting solution is not just a light; it's a statement of style and innovation.
