

Product Description

The AASHVI is a premium recessed spotlight crafted from high-quality die-cast aluminium for a professional and durable finish. It features an impressive CRI of over 95 to provide exceptionally accurate color representation in any architectural setting. With available power options of 9W, 12W, and 15W, we provide a versatile range of brightness levels to suit different project needs. The series offers extensive flexibility with five distinct beam angles and four color temperature settings ranging from 2700K to 5000K. For advanced lighting control, these fixtures are fully compatible with Triac, 0-10V, and DALI dimming protocols.
