

Product Description

This versatile recessed spotlight offers a sleek and modern design with options for both trimless and wall washer versions. Easy to install with high-quality springs, it features a high-quality lens system and PC cylinder for precise and even light distribution. Utilizing COB (Chip on Board) technology and optimized heat sink geometry, the spotlight ensures efficient operation and long-lasting performance. With various beam angles, including a 3° very narrow beam, it offers flexibility for different lighting needs. The spotlight boasts high color rendering (CRI ≥ 95), consistent color temperature, and dimmability options (non-dimmable, 1-10V, or DALI). It can also use a wall washer light.
