

Product Description :

This light fixture features a simple and clean design that aligns with modern aesthetics. The fixture is easy to install in any space to produce impressive lighting effects. The LED is strategically recessed to reduce glare. The main body is constructed from die-cast aluminum, which provides optimal heat dissipation. It also includes a single optic lens family that offers popular sizes and beams with excellent color rendering and superior light quality.

Lamp

LED Type	: CREE LED
Beam Angle	: 8°, 10°,15°,20°
Wattage	: 1W / 3W
CCT	: 2700K, 3000K, 4000K, 5000K,6000K

Electric

Voltage	: 220-240V,50/60Hz
Lumen	: 115lm/W
Output Current	: Constant Current
Output Voltage	: SELV

Body

Color	: White / Black / Silver
Material	: Die Cast Aluminium
Size A Dia- Height	: 42mm - 45mm

Other

Protection	: IP65
