

## Product Description

This high-performance track light features a sleek, cylindrical design constructed from durable die-cast aluminum available in either White or Deep Matte Black. It utilizes a premium CREE LED light source that delivers exceptional color accuracy (CRI > 90) and a precise 36° beam angle for targeted illumination. The fixture is highly versatile, offering multiple wattage options ( 10W, 20W, or 30W) and a wide range of color temperatures from warm 2700K to cool 6500K. Engineered for efficiency and longevity, it boasts a high luminaire efficacy of 120 lm/W and a rated life of 50,000 hours. Additionally, the unit provides flexible control with support for various dimming methods, including Triac, DALI, and wireless options.
