

Product Description

The Claire features a premium recessed design crafted from durable aluminum, offering a sleek look in either a black or white finish. Engineered for high performance, we equip each fixture with a premium CREE LED light source delivering 10W of power and an impressive luminaire efficacy of 115 Lm/W. The system ensures exceptional visual comfort and color accuracy with a CRI >90, a focused 36° beam angle, and versatile color temperature options ranging from 2700K to 5000K. For seamless architectural integration, this compact luminaire has a 70mm cutout, an 80mm diameter, and a height of 60mm. To meet diverse project requirements, we provide flexible dimming control options including Triac, 0-10V, and Dali, alongside IP44 ingress protection suitable for protected environments.
