

25W

42W

Product Description

Modern track lighting solution designed for versatile illumination in a variety of settings. Its contemporary black finish and minimalist aesthetic allow it to blend seamlessly with any décor, while its adjustable head provides precise control over the direction of light. This makes it ideal for highlighting artwork, accenting architectural details, or showcasing merchandise in retail displays. The energy-efficient LED technology ensures bright, focused light output while minimizing power consumption, making it both cost-effective and environmentally conscious. The compact design of the spotlight housing allows for discreet placement on track lighting systems, and the robust construction ensures long-lasting performance. Whether used in homes, offices, galleries, or shops,

Lamp

Light Source	: LED COB
CRI	: >90
Rated Life	: 20,000 HRs
Wattage	: 25W 42W
Beam Angle	: 20° 60°
CCT	: 2700K 3000K 3500K 4000K

Electric

Control Gear	: PHILIPS
Voltage	: 220 - 240V/50-60Hz
System Efficacy	: 100 lm/W

Body

Color	: White, Black, Silver
Material	: Die cast aluminium
25W Diameter (D) - Height (H)	: 80mm - 140mm
42W Diameter (D) - Height (H)	: 106mm - 160mm
