

Product Description

The TOGO recessed spotlight is a high-performance lighting fixture featuring a premium aluminum body available in white or black finishes. We utilize high-quality CREE LED chips and offer two wattage options—3W and 5W—to deliver a luminaire efficacy of 115 Lm/W. This spotlight provides superior color accuracy with a CRI of >90 and a precise 24° beam angle for focused architectural illumination. To ensure maximum versatility, it supports multiple dimming protocols including Triac, 0-10V, and Dali across a range of color temperatures from 2700K to 6500K. Designed for longevity, the unit is rated for 30,000 hours and fits compact cutouts of either 30mm or 38mm depending on the selected model.
