

Product Description

This recessed luminaire features a high-quality Cree LED light source with an adjustable wattage range of 10W to 15W. We designed the fixture with a durable aluminum body, available in white or black finishes with multiple reflector color options. For versatile performance, the light offers a 36 degree beam angle and a choice of 3000K or 4000K color temperatures to suit various environments. It provides a fixture lumen of 720Lm and maintains high efficiency at 80Lm/W while operating on a standard AC 220-240V supply. Additionally, the unit includes advanced dimming capabilities like Triac, 0-10V, and Dali, along with an optional honey comb accessory for enhanced glare control.
