

Product Description

A neon LED strip light is a flexible, energy-efficient lighting solution that mimics the vibrant glow of traditional neon signs but with modern LED technology. These strips are designed to be easily installed along various surfaces, offering a continuous, smooth line of light that can be customized in color and intensity. Perfect for adding a dynamic touch to spaces, they're often used for accent lighting, under-cabinet illumination, or creating stylish, eye-catching designs in both residential and commercial environments

Lamp

Power	: 6 W/M
Rated Life	: 50,000 HRs
CCT	: 2700k
Luminaire Efficacy	: 42.4 lm/w

Dimensions

Width	: 4 mm
Height	: 8 mm
Length	: 50000 mm

Electric

Voltage	: DC24V
Output Voltage	: Constant Voltage

Other

Protection	: IP 67
