

Product Description

This high-performance LED track light features a sleek aluminum body available in deep black or white, designed with an integrated heat sink for optimal thermal management. It delivers a powerful 40W output with a 4000K cool white color temperature and a 42° beam angle, making it ideal for precision architectural or retail lighting. The fixture is highly efficient, boasting a luminaire efficacy of 110 lm/W and a rated lifespan of 50,000 hours for long-term reliability. Its compact physical profile includes a 105mm diameter head and a 160mm track adapter, ensuring a low-profile installation that fits seamlessly into modern interiors. With an IP20 protection rating and a high color rendering index (CRI >80), this light provides a crisp and safe lighting solution for indoor environments.

Lamp

Light Source	: LED
CRI	: >80
Rated Life	: 50,000 HRs
Wattage	: 40W
Beam Angle	: 42°
CCT	: 4000K

Body

Color	: Deep Black/ White
Material	: Aluminum
Diameter (D)	: 105MM
Height (H)	: 130MM
Surface Cutout (∅)	: 145MM

Electric

Control Gear	: CONVERTER
Voltage	: 220 - 240V/50-60Hz
Luminaire Efficacy	: 110 lm/W
Inrush Current/ IC Duration	: 18A/ 250 μs
Power Factor	: 0,9
Ripple Current/ Flicker	: 10%

Other

Protection	: IP20
Impact Resistance	: IK03
