

Product Description

This compact, adjustable LED recessed spotlight is designed with a durable aluminum body available in both white and black finishes. It features a high-performance 4W COB LED source that delivers a luminous flux of 277lm with a high Color Rendering Index (CRI) of 90 for accurate color representation. The fixture is highly versatile, offering multiple beam angle options ranging from 20° to 40° and color temperatures from a warm 2700K to a neutral 4000K. Measuring just 52mm in diameter with a 45mm height, it requires a small 40mm cutout, making it an ideal choice for discreet architectural lighting in tight ceiling spaces. Additionally, the unit supports various dimming protocols, including Triac, 0-10V, and Dali, while maintaining an IP20 protection rating for indoor environments.
