

Product Description :

The Doil is a 4-light iron chandelier defined by its prominent 1000mm circular ring frame and 740 cm body height. Constructed from high-grade iron, the fixture mounts four G9 lamp holders spaced evenly around the perimeter for continuous 360-degree light emission. Operating at 220-240V, this luminaire highlights raw metal craftsmanship with a sleek, low-maintenance decorative build.
