

24W

30W

Product Description

This high-performance downlight is engineered for longevity and precision, boasting a rated life of 50,000 hours and a high color rendering index (CRI) of over 80. Its durable aluminum and PC body is available in sleek white or black finishes, making it a versatile choice for various architectural environments. The fixture offers exceptional visual comfort with a low Unified Glare Rating (UGR) of less than 15 and multiple beam temperature options ranging from 3000K to 6500K. Designed for flexibility, it supports a wide range of dimming protocols including Triac, DALI, and 0-10V to suit any lighting control system. With an IP20 protection rating and a lumen output reaching up to 3300lm, this 24W-30W light provides powerful, efficient illumination for indoor spaces. It comes with CCT dip switch.
