

Product Description :

Built with a precision metal chassis and high-transmittance acrylic diffusers, this chandelier features a uniform 810mm × 810mm footprint with an 810mm body depth. Running on a standard 220–240V system, its integrated LED array offers soft, glare-free lighting in a clean geometric shape.

Lamp

Light Source : LED

Body

Finish : Golden

Material : Metal, Arcylic

Length : 810mm

Width : 810mm

Height : 810mm

Electric

Voltage : AC 220 - 240V/50-60Hz

More Information

Protection : IP20
