

LINEAR LIGHT LLT 4075

Surface / Suspended Linear Light

Lightronic

Product Description

This product is a high-quality lighting fixture with a body finish available in white, black, and silver. The diffuser is made of durable polycarbonate. The housing is available in anodized aluminium and a powder-coated matt black finish, with other finishes available upon request. It features a high lumen output TRIDONIC SMD LED Module with a built-in isolated TRIDONIC LED driver. The light distribution is flexible, with options for 100% light downwards, or a combination of 70% downwards and 30% upwards. It comes with a suspension kit and can be mounted on the ceiling surface. The product also offers the capability to be connected one by one with fitting accessories. The product comes with a 3-year warranty and has a lifetime of 30,000 hours
