

Product Description

This versatile COB LED luminaire provides a 4W output with a luminous flux of 301lm and a high color rendering index of CRI 90. Designed for precision, it offers four adjustable beam angles ranging from 28° to 53° and color temperatures from 2700K to 4000K. The compact aluminum body is available in white or black finishes, featuring a 55mm diameter and a 50mm cutout requirement for installation. It operates on a standard 220-240V input, delivering an efficacy of 75 lm/W with a rated life of 50,000 hours. Additionally, the fixture supports multiple dimming protocols, including Triac, 0-10V, and Dali, while maintaining an IP20 protection rating.
