

LINEAR LIGHT LLT 5080

Suspended Circular Linear Light

Lightronic®

Product Description

This minimalist Suspended Circular linear light combines architectural precision with a floating aesthetic to elevate any modern interior. Its seamless circular frame is finished in a white, housing an integrated light source that provides smooth, shadow-free illumination. Suspended by ultra-thin aircraft cables, the fixture creates a striking focal point without visual clutter or heavy hardware. The high-quality frosted diffuser ensures a glare-free glow, making it an ideal choice for dining areas, office lobbies, or contemporary living spaces. Designed for both form and function, this versatile ring light offers a sophisticated balance of geometric simplicity and advanced lighting technology.
