

Product Description

This is a high-performance recessed luminaire featuring a premium Cree LED light source and a reliable Tridonic driver. This versatile architectural fixture is constructed from durable aluminium and is available in both sleek white and bold black finishes to complement any interior. With a high color rendering index of 90 and a warm 3000K color temperature, we ensure vibrant and natural illumination for professional spaces. The design provides multiple beam angle options ranging from 15° to 60°, allowing for precise light distribution tailored to specific project needs. Designed for recessed mounting, this 24W total wattage unit delivers an efficient 1020 lumens while maintaining a clean and minimalist aesthetic.

Light

Light Source	: CREE LED
