

Product Description

Purpose-built for luxury jewelry showcases and delicate display cabinets, the SOLAS micro-stem accent light provides targeted, low-profile illumination. Constructed with an ultra-slim 6 mm profile from premium-grade aluminium, this fixture utilizes high-efficiency OSRAM LEDs to deliver ultra-wide light distribution across display counters without obstructing product visibility. Featuring color temperature selections up to 8000K and high-CRI options, it brings out the brilliance in diamonds, precious stones, and fine metals.
