

Product Description

This high-performance 20W LED led spike light delivers an output of 2060 lm with an efficacy of 103 lm/W, operating on AC 220–240V power. Built with a durable aluminum body available in white or black finishes, it features physical dimensions of 106 mm in diameter by 115 mm in width, along with adaptable pole heights (210, 260, or 400 mm) and pole diameters (44, 53, or 67 mm). It offers high color rendering (CRI 90), versatile color temperature options (2700K, 3000K, 3500K, 4000K), and an adjustable beam angle ranging from 14° to 49°. The fixture supports Triac, 0–10V, and DALI dimming protocols for comprehensive lighting control. Rated at IP65 for ingress protection, this light fixture is designed for reliability in challenging environment conditions.
