

Product Description

This high-performance 10mm LED strip features 320 LEDs/m and a CRI >90 for exceptional color accuracy. Designed with an IP68 waterproof rating, DC24V operation, and 100 lm/W efficacy at 5W/M, it ensures durable, energy-efficient performance. Offering versatile CCT options (2700K–6000K) and Triac/0-10V/Dali/Wireless dimming, it is ideal for demanding architectural and outdoor linear lighting.

Lamp		Electric	
Power	: 5 W/M	Voltage	: DC24V
