

XENON 16x16

LED Neon Light

Product Description

Engineered for versatile architectural and decorative illumination, this 16x16 mm flexible neon strip light delivers an efficient 92 lm/w output. It features a high Color Rendering Index of over 90 and offers multiple correlated color temperature options ranging from warm 2700K to cool 6000K. Operating on a safe DC24V constant voltage system, the 10-meter luminaire consumes 10W per meter and packs 140 LEDs per meter. Designed with an IP67 water-resistance rating and a side-bend structure with side entry, it ensures durable installation in diverse environments. Additionally, it supports flexible lighting control through various dimming options including Triac, 0/1-10V, DALI, and wireless systems.

Lamp

Power	: 10 W/M
CRI	: >90
Rated Life	: 30,000 HRs
CCT	: 2700K 3000K 4000K 6000K
Luminaire Efficacy	: 92 lm/w
Led Qty	: 140LEDs/M

Dimensions

Width	: 16 mm
Height	: 16 mm
Length	: 10000 mm

Electric

Voltage	: DC24V
Output Voltage	: Constant Voltage

More Informations

Type	: Side Bend with Side entry
Protection	: IP 67
Dimmable Option	: Triac I0/1 - 10V Dali Wireless
