HUFI SQ.

Bollard Light

Product Description

The HUFI Bollard Light is an outdoor architectural luminaire featuring a durable diecast aluminum body available in white or black finishes. Standing 800 mm high with a 90 mm width, it houses an energy-efficient 12W LED source delivering 840 lumens at an efficacy of 70 lm/W. It projects illumination across a wide 55° beam angle with high color fidelity (CRI 90) and flexible color temperature options ranging from 3000K to 6000K. Designed for reliable electrical performance, it operates on a 220–240V AC supply at 50/60 Hz. Additionally, its IP65 ingress rating ensures complete protection against dust and water jets for demanding exterior environments.

Lamp

Light Source	: LED
CRI	: 90
Wattage	: 12W
Beam Angle	: 55^0
CCT	: 3000K I 4000K I 5000K I 6000K

Body

Finish	: White I Black
Material	: Diecast Aluminum
Length	: 800mm
Width	: 90mm

Electric

Voltage	: 220-240v AC , 50/60 Hz
Luminiare Efficacy	: 70lm/W
Total Lumen	: 840 lm

Others

Protection :	: IP65
