

XENON 10x10

LED Neon Light

Product Description

The Xenon Flex 10 x 10 Side Bend is a professional-grade lighting solution featuring a high-density configuration of 144 LEDs per meter and a superior color rendering index of CRI >90. We provide this flexible luminaire in a versatile range of color temperatures, including 2700K, 3000K, 4000K, and 6000K, to meet diverse project requirements. Designed for durability in various environments, the unit carries an IP67 rating and a specialized Side Bend architecture for precise lateral installations. The system ensures seamless integration with building controls by supporting Triac, 0-10V, and Dali dimming protocols under a DC24V constant voltage.

Light

Light Source	: LED
CRI	: >90
Wattage	: 10W/M
Led Qty	: 144 LED's/M
Color Temperature	: 2700K 3000K 4000K 6000K
Rated Life	: 30,000 Hrs.

Body

Finish	: White
Width	: 10mm
Height	: 10 mm
Length	: 10000 mm
Cutting Length	: 41.66 mm

Electric

Voltage	: DC24V
Output Voltage	: Constant Voltage
Luminaire Efficacy	: 72Lm/W

More informations

Dimming Option	: Triac 0-10V Dali
Ingress Protection	: IP67
Bending Type	: Side Bend
